IMPORTANT INFORMATION FOR STUDY DAY REGISTRANTS

To log into the Study Day program, you need to log into the ILCA website. Then you go to the Knowledge Center, then Dashboard, then My Courses. You should see the Packages (might be near the bottom) for the Pre-recorded and Live sessions. Live sessions will not become active until 10 minutes before the program. We will also be sending out the links to Zoom in a separate email.

If you have never signed into the ILCA website, you will need to create an account. Please click here to sign up. Once you have signed up, please email info@ilca.org to have us activate Study Day for you.

It is also recommended that you watch the pre-recorded sessions that match the Live sessions before viewing.

Please let us know if you have any questions.
